

Location: Forest of Dean

Project Value:

Project Start Date:

Project Completion:

Project Information

Two Rivers Housing was established in March 2003 when Forest Of Dean District Council transferred its housing stock of 3,577 homes to the Company (then known as Forest Of Dean Housing). They currently manage around 3,500 homes in the district and have a development programme which aims to develop 150 homes per annum

The contract is for the removal/remediation of asbestos containing materials for Two Rivers Housing's residential properties and communal areas, including making good or, where instructed, reinstatement with non-asbestos products.
